

PRACTICE: HOW TO DO STOP?

Pathways into Practice

Abstract

If you are considering whether StoP work would be suitable for your city or town, you can network with us and contact our partner organisations in Europe. Maybe together we can find ways to start StoP in your area. In Austria and Germany in particular, you will find experienced colleagues with whom you can get in touch. However, you will need local allies and there is no way around fundraising. Let us know if you are interested in a StoP workshop or the training programme. You can find more information here in this section.
